Discussion concerning why paychecks are being cut for hours worked this week - usually they are a week behind. Also, why are three people working at the fire department during one week. Their budget is not set up for that. Tiffany is uncomfortable approving checks without knowing why.

ITEM 2: TAX COMMITMENT INFORMATION

Bill Van Tuinen and Alan Gove, along with Erin Norton discussed Commitment Planning. Bill discussed the process of calculating the amount of tax needed to be raised by the Town of Chesterville.

Bill advised that the Town has the legal right to commit taxes before the school budget is set. However, he recommended deferring the commitment for a little while longer since the school budget has not passed.
